

# Raising the standards for personal safety

New SOLAS approved lifejacket series

VIKING LIFE-SAVING EQUIPMENT

WHEN IT COMES TO  
**safety**  
THINK VIKING™

# Small details make a big difference

**VIKING lifejackets in all sizes comply with the latest SOLAS requirements as described in MSC-200(80).**

An exceptional lifejacket design with extraordinary turning capabilities and high face freeboard.

**1. Protective neck cover**

Detachable black cotton neck cover that is extra soft and hygienic for the wearer.

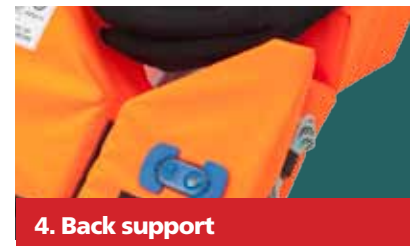

**2. Neck support (collar)**

Ensures that an unconscious person is held in a floating face up position with high freeboard and free breathing. Protects chin and teeth when jumping into water.

**3. Head support**

Foam head support keeps head above water at a correct angle.

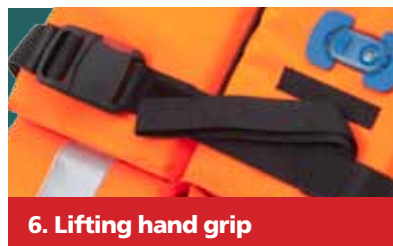

**4. Back support**

For a more comfortable wear and balanced position. Helps protect neck and shoulders against injury.

**5. Light**

Fully equipped with SOLAS approved light (optional).

**6. Lifting hand grip**

The integrated lifting grip ensures a stable position when retrieving the user from water. Can also be used as practical grab strap.

**7. Buddy line and whistle**

Designed for situations when close contact to others is critical. Placed on the side to prevent snagging.

**8. Belt, buckle and closure**

Maintenance free, high strength buckle for quick and easy donning. Instant adjustment with a quick pull of the belt strap. Velcro-like closures in front and collar.

**9. Retro-reflective tape**

Sewn on for added durability (no peeling). Reflects light for high visibility and aided day and night rescue.

**10. Tapered bottom**

Makes for easy gliding through chute evacuation systems and reduces impact and pressure on neck area when jumping into water.

**Storage measurements (adult)**

Folds into a rectangular shape for reduced storage space.

**Dimensions (LxWxH):**

35 x 33 x 25 cm (packed)  
71 x 32 x 15 cm (unpacked)

	Weight	Inherent buoyancy	Colours**
<b>Infant (PV9506)*</b>	Up to 15 kg	70N	■
<b>Child (PV9508)</b>	15-43 kg	90N	■
<b>Adult (PV9509)</b>	43 kg or more	170N	■ ■

\* Neoprene layer covering upper part of torso offers thermal protection against loss of body temperature (hypothermia).  
\*\* Available in orange, or a lime green version for crew.

## The VIKING Advantage

# VIKING SOLAS series
